Business question and method: Did engagement and passenger bookings improve after the September 3 Dr. Greger announcement?

Email results: Click-rate chart showing approximately 126% higher engagement.

Booking results and limitations: One passenger before versus five afterward in equal 27-day windows; dates cannot prove attribution.

Cruise Campaign Click Engagement

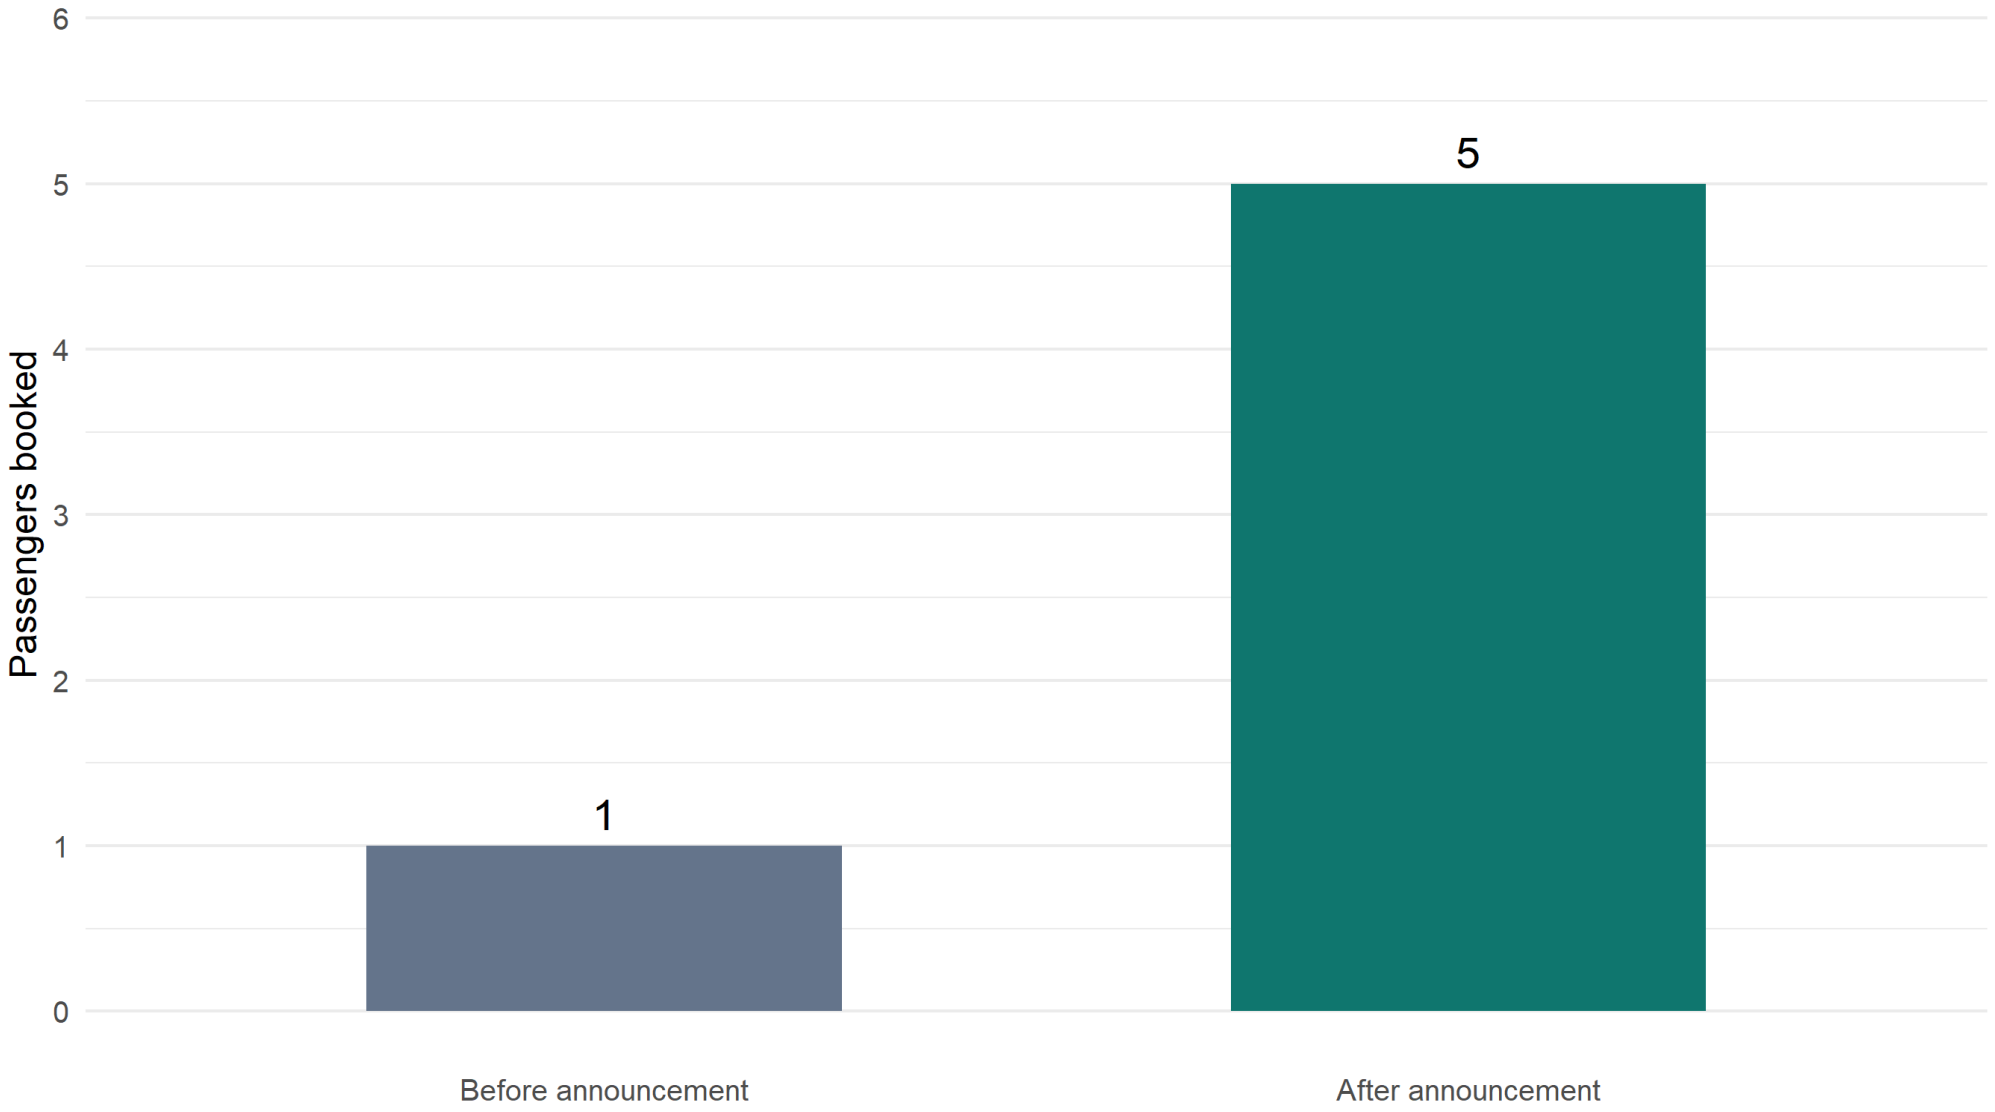

Before and after the September 3, 2026 Dr. Greger announcement

Includes resends. Date based comparison; does not establish causation.

Cruise Passenger Bookings
